Career Objective

Computer Engineering student passionate about web development and building real-world applications. Skilled in React.js, JavaScript, Python, and MongoDB. Seeking opportunities to contribute to projects, apply technical skills, and solve practical problems in a dynamic tech environment.

Education

Bachelor in Computer Engineering

CITE College, Purbanchal University
7th Semester

In Progress

Technical Skills

- **Programming Languages:** C, C++, Python, JavaScript
- **Web Development:** HTML, CSS, React.js
- **Tools & Platforms:** Git, GitHub, VS Code, REST API
- **Database:** MongoDB
- **Deployment & Others:** Vercel, Netlify

Projects

AgriSmart Hub (Web Application Prototype – Frontend)

- Built frontend using React.js with responsive design for multiple crop types
- Implemented form input and basic data display for crop suggestions
- Focused on usability, learning, and applying practical web development skills

Personal Portfolio Website

- Designed and developed a personal website to showcase projects and skills
- Built using HTML, CSS, and JavaScript; deployed on Vercel
- Improved coding, layout design, and responsive web development skills

Activities & Leadership

President, ANNFSU (Student Union)

- Organized 3 college events with 50+ participants, managing schedules and coordination
- Strengthened leadership, communication, and teamwork skills

Hackathon Organizer

- Coordinated logistics and participants for college hackathon events
- Developed event management and teamwork abilities

Soft Skills

Problem-solving, Teamwork, Communication, Adaptability

Languages

English, Nepali, Hindi
